

COPPER CAT. 5E

# COPPER PATCH CORD CAT 5E UTP

## Description

ORCA® patch cord for horizontal distribution and Backbone Cabling, IEEE 802.3an: 10Base-T; 100Base-TX; 1000Base-T, IEEE 802.5 4/16 MB; ISDN; ADSL; 100Mbps TP-PMD; 155 Mbps ATM; ROHS Compliant

Cross-section :

## Material Specification:

|            |                                                         |                  |
|------------|---------------------------------------------------------|------------------|
| Type       | U/UTP CAT.5E 4*2*24AWG PVC                              |                  |
| Conductor  | N. of pair                                              | 4                |
|            | Material                                                | Bare copper wire |
|            | Construction                                            | 7/0.18 ±0.008    |
| Insulation | Material                                                | HDPE             |
|            | Nom.O.D.                                                | 0.92 ±0.05       |
| Cross      | Material                                                | -                |
| Shielding  | Material                                                | -                |
| Braid      | Material                                                | -                |
|            | Construction                                            | -                |
| Jacket     | Material                                                | PVC              |
|            | Nom Thickness                                           | 0.6              |
|            | Nom.O.D.                                                | 5.4 ±0.20        |
| Marking    | UTP CAT.5E - 4PR 24AWG ISO/IEC 11801 TIA/EIA-568B (ETL) |                  |
